Greg,  
 No problem, please let me know what date and times would work best for you to reschedule next week or the following and I will follow up with CSRA and HQ and set up another call.  
 Thanks,  
 Pat

Is there any chance that we can reschedule this? We have all been in meetings since yesterday. Delaying the meeting would give us a chance to recover from the holidays and the last two days of meetings...

Dave, Pam, Greg and Crague,  
 I have set up an Adobeconnect conference and should be able to transfer presenter rights to you after the call is initiated, and wanted to confirm MPCA would be prepared to present some of the key additional St Louis Park data tomorrow?  
 Alternatively, please let me know if you think it would be helpful to delay our call to provide more time to prepare? I'm still playing catch up here from the holidays myself, so that wouldn't be a problem.  
 Thanks,

Pat
